as scientific research continues to expand the scope of neuropathology the amount of information
that both students and practicing pathologists must assimilate and master can be challenging and
at times even daunting the previous editions of this book summarized the essentials of
neuropathology with the goal of providing an overview of neuropathology and to provide a
framework for preparing for in service and board examinations this third edition summarizes the
essentials of neuropathology in outline form the objectives are twofold 1 to provide an overview of
neuropathology for those initially encountering the discipline and 2 to provide a framework for
review for those preparing for in service and board examinations in the disciplines of neurology
neurosurgery and pathology which require some knowledge of neuropathology the book provides
an update of the essential elements of the neuropathology curriculum for all those seeking a
concise up to date overview of the subject topics range from basic information on the spectrum of
neurologic related disease to pertinent pictorial examples of many neuropathologic conditions the
first part presents basic information on the spectrum of neurologic related disease chapters 1 11 a
set of self assessment questions some of which include key images for review are included at the
end of each chapter these are designed to aid with comprehension and understanding of the
material the second part chapters 12 and 13 present pertinent pictorial examples of a spectrum of

neuropathologic conditions in a question format with answers and brief explanations provided concise yet comprehensive neuropathology review 3rd edition provides an easy to use refresher course for those working pathologists neurologists and neurosurgeons wishing to update their skills and knowledge

the special mission of assessment in the classroom is to show how assessment principles apply to the full range of teacher decision making from organizing the class as a social system to planning and conducting instructions to the formal evaluation of learning and finally to grading the goal is to show students that assessment is an everyday ongoing part of their teaching not some esoteric affair that is divorced from their daily routine with this in mind the following features have been built into this text

arguing that student evaluation is an integral part of teaching this text is designed to provide teachers with a concise presentation of assessment principles which specifically relate to instruction and an overview of current research and new directions in the field of assessment

brief and practical this popular book focuses on what classroom assessment is and how to do it and bridges the gap between testing a learner's knowledge of particular information and measuring his or her ability to transfer knowledge and think strategically coverage encompasses all of the issues surrounding the use of classroom assessments validity reliability bias impact through targeted discussions that address everything prospective teachers need to know completely yet succinctly the authors offer a comprehensive menu of techniques for assessing not only what learners know but also how they think how they perform and how they apply what they know within authentic real world contexts for individuals administering tests and implementing other

measurements tools for the assessment of students in elementary and middle schools

airasian presents complex concepts clearly so that pre service teachers can understand them and solidly grounds these concepts in best practice through practical real well integrated examples he talks to not at users the text conceives of classroom assessment in a broader way than many other texts it focuses not only on the assessment needs of testing grading interpreting standardized tests and performance assessments but also on assessment concerns in organizing a classroom at the start of school planning and implementing instruction and strategies of teacher self reflection it views classroom assessment as an everyday ongoing integral part of teaching not something that is separated from life in classrooms the text is organized in a manner that follows the natural progression of teacher decision making from organizing the class as a learning community to planning and conducting instruction to the formal evaluation of learning and finally to grading
