american history has always been interwoven with developments in firearms technology and so is peppered with legendary guns at the birth of the nation americans armed themselves with state of the art long guns to fight their colonial oppressors once independent the young country was drawn into a succession of conflicts which caused firearms technology to keep pace with weapon design and production demand the needs of many military campaigns ensured that the nation's gunmakers have remained at the cutting edge of innovation 50 guns that changed america will explore the most significant american weapons from the early days of firepower to the amazing modern guns in use today including simeon north hall pistol dimick plains rifle spencer

carbine rifle winchester model 1866 smith wesson army revolver colt peacemaker m60 machine gun armalite ar 18 machine gun each firearm is illustrated in full color with archive photography of the manufacturers and the guns in action where possible provided by publisher

the new york times bestselling follow up to american sniper join chris kyle on a journey to discover how 10 firearms changed united states history new york times book review drawing on his legendary firearms knowledge and combat experience u s navy seal and 1 bestselling author of american sniper chris kyle dramatically chronicles the story of america from the revolution to the present through the lens of ten iconic guns and the remarkable heroes who used them to shape history the american long rifle spencer repeater colt 45 revolver winchester 1873 rifle springfield m1903 rifle m1911 pistol thompson submachine gun m1 garand 38 special police revolver and the m16 rifle platform kyle himself used american gun is a sweeping epic of bravery adventure invention and sacrifice featuring a foreword and afterword by taya kyle and illustrated with more than 100 photographs this new paperback edition features a bonus chapter the eleventh gun on shotguns derringers and the browning m2 machine gun

for many americans guns seem to be a fundamental part of the american experience and always have been grand in scope rigorous in research and elegant in presenting the formative years of our country armed america traces the winding historical trail of united states citizens passion for firearms author and historian clayton e cramer goes back to the source unearthing first hand accounts from the colonial times through the revolutionary war period and into the early years of the american republic in armed america cramer depicts a budding nation dependent on its firearms not only for food and protection but also for recreation and enjoyment through newspaper clippings official documents and personal diaries he shows that recent grandiose theories claiming that guns were scarce in early america are shaky at best and downright false at worst above all cramer allows readers a priceless glimpse of a country literally fighting for its identity for those who think that our citizens attraction to firearms is a recent phenomenon it's time to think again armed america proves that the right to bear arms is as american as apple pie

this book examines the controversies surrounding gun control which are less about whether it works and more about whether the nation should prioritize traditional values of rugged independence or newer values of communitarian interdependence america's gun wars contends that an understanding of america's gun controversy cannot be found in statistics documenting the rise or fall of violent crime or in examining trade offs between societal needs and personal safety or in following the political maneuvering of advocacy groups such as the national rifle association or everytown for gun safety at heart the gun controversy is a values conflict involving how people see themselves and how they make sense of the world they live in understanding this controversy requires a

deep analysis of the profoundly different cultures inhabited by pro and anti gun activists lawmakers and voters written by a social scientist who has spent his life exploring how values and self perceptions impact behavior this book explores the origins and evolution of cultures in american society the beliefs experiences and principles that guide the behavior of members in both camps and the triumphs and failures that the two sides have experienced from colonial times to the present day

the revised third edition of the landmark guns in american society provides an authoritative and objective survey of the history and current state of all gun related issues and areas of debate in the united states

a lavishly illustrated compendium of military hardware covers everything that fought in the air on the ground and on the seas during world war ii there are more than 500 separate items of equipment used between 1939 and 1945 from combat handguns to massive aircraft carriers more than 600 full color artworks accompany entries that feature a detailed history of each weapon s design and development along with a full specifications table that includes performance dimensions armament and crew details a must have for military buffs

thoroughly updated and greatly expanded from its original edition this three volume set is the go to comprehensive resource on the legal social psychological political and public health aspects of guns in american life the landmark 2002 edition of guns in american society an encyclopedia of history politics culture and the law was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun related issues now in light of the steady rate of gun violence and several high profile shooting incidents this extraordinary three volume work returns in a timely and thoroughly updated edition with over 100 new entries the latest edition of guns in american society is the most current resource available on all aspects of the gun issue including rates of violence gun control gun rights regulations and legislation court decisions pro and anti gun organizations gun ownership hunters and collectors public opinion toward guns and much more with expert contributions from the fields of criminology history law medicine politics and social science it gives students journalists policymakers and researchers a foundation for their own investigations while helping readers of all kinds make decisions as family members potential gun owners and voters

by the beginning of the twentieth century the united states had already become an international power and a recognized force at sea but its army remained little more than a frontier constabulary in fact when america finally entered world war i the u s army was still only a tenth the size of the smallest of the major european forces while most previous work on america s participation in the

great war has focused on alliance with great britain robert bruce argues that the impact of the franco american relationship was of far greater significance he makes a convincing case that the french rather than the british were the main military partner of the united states in its brief but decisive participation in the war and that france deserves much credit for america s emergence as a world military power in this important new look at the first world war bruce reveals how two countries established a close and respectful relationship marking the first time since the american revolution that the united states had waged war as a member of a military coalition while general pershing s american expeditionary forces did much to buoy french morale and military operations france reciprocated by training over 80 percent of all american army divisions sent to europe providing most of their artillery and tanks and even commanding them in combat as bruce discloses virtually every military engagement in which the aef participated was a franco american operation he provides significant new material on all major battles not only the decisive second battle of the marne but also st mihiel cantigny reims soissons and other engagements detailing the key contributions of this coalition to the final defeat of imperial germany throughout the book he also demonstrates that there was a mutual bond of affection not only between french and american soldiers but between the french and american people as well with roots planted deep in the democratic ideal by revealing the overlooked importance of this crucial alliance a fraternity of arms provides new insights not only into world war i but into coalition war making as well contrary to the popular belief that relations between france and the united states have been tenuous or tendentious at best bruce reminds us that less than a century ago french and american soldiers fought side by side in a common cause not just as allies and brothers in arms but as true friends

firearms have long been at the core of us national narratives from the puritans embrace of such weapons to beat back the devilish indian to a guilty delight in the illegal exploits of dirty harry americans have relied on the gun to right wrongs both real and imagined

an acclaimed history of the korean peninsula from world war ii to the present day north korea is an impoverished famine ridden nation but it is also a nuclear power whose dictator kim jong un regularly threatens his neighbors and adversaries the united states in particular with destruction even though kim and president donald trump s responses to him dominate the daily headlines the idea that north korea is a menace is not a new one indeed ever since korea was first divided at the end of world war ii the tension between its northern and southern halves has riveted and threatened to embroil the rest of the world in this landmark history veteran journalist don oberdorfer and korea expert robert carlin grippingly describe how a historically homogenous people became locked in a perpetual struggle for supremacy and how other nations including the united states have tried and failed to broker a lasting peace
